

Here's what happens...

After finding and reading God's law, King Josiah starts taking the worship of the one real God seriously. He goes from place to place in Israel burning and smashing idols and altars. By the time he's finished, any evidence of worshipping fake gods is gone!

Bible Point:

There's only one real God.

"Jesus replied, 'You must love the Lord your God with all your heart, all your soul, and all your mind' " (Matthew 22:37).

Family Together Time

Go on a prayer walk around your neighborhood.

- As you pass each house, pray for the people who live there to know the one real God.
- If you know the people who live there and what they believe, add specifics to your prayers!
- Ask God to show up in such a real way that your neighbors can't deny who he is.
- Ask God to use *you* to show your neighbors who he is!
